JUNE 2016

NCIA SUMMER INTERN EVENT

THE NORTH IOWA CORRIDOR, in conjunction with the North Central Iowa Alliance and the Mason City Chamber of Commerce "College Connections" program, is pleased to be a part of a new event this summer, geared toward college interns in North Iowa. The NCIA will host the Intern Networking Event: "Make that NetWORK!" Getting the most of your Internship on June 9th at the Clear Lake Arts Center from 4:30 – 6:00 p.m.

The purpose of this event is to help college interns network with their peers and connect the next generation workers to our community and to each other. The intent of this program is that the interns will foster

or develop connections within the North Iowa Community, so they will be more apt to move back to the region after graduation.

The event will feature Dr. Bill Withers of Wartburg College. He will speak to the interns about "Leading Through Service to Others". Other presenters will feature Loni Dirksen of Bergland + Cram and Austin Pehl of Waggoner and Wineinger Architects.

The North Central Iowa Alliance is a strategic marketing partnership that represents Economic Development in Winnebago and Worth Counties, Franklin County, Charles City Area, Mitchell County, and Hancock County. For more information: www.northcentraliowa.net

If you have a summer intern that would like to be a part of this free event, please email hcallanan@northiowacorridor.com

KUDOS!

Congratulations to NIC Investor Principal Financial Group on celebrating their 35th Anniversary in Mason City!

Hats off to NIC Investor Henkel Construction! Henkel was recognized with the 2016 Outstanding Company Safety Achievement Award by Master Builders of Iowa and IOSHA, awarded at the MBI Annual Winter Conference.
